Important Facts About the Meet

- ◆ **On-Line Entry Deadline:** Monday, March 19, 2007 by 11:59 p.m. Mountain Time.
- ◆ **Paper Entry Deadline:** If not registering on-line, paper entries must be received on or before Tuesday, March 20, 2007.
- ◆ **Fax Entry Deadline:** Only swims achieving the qualifying time standards for the first time from Monday, March 19, 2007, through Sunday, March 25, 2007, may be sent by FAX transmission. These faxed entries must be received no later than 11:59 p.m. (Eastern Time) on Sunday, March 25, 2007. Fax entry cannot be used to improve the seed time of a prior entry.
- ◆ Time standards have been established to have between 900 and 1000 athletes in individual events at the meet. These time standards were developed by the Championship Time Standards Committee and then approved by the Senior Swimming Committee in 2006. In creating these standards a goal of at least 200 18 & under males entered at the meet was followed.
- ◆ All entries must meet the qualifying times, and all athletes must meet the time standards for their age (as of the first day of the meet). This means that if an athlete turns 19 on or before March 27, he/she must meet the qualifying times for athletes 19 and older.
- ◆ Relay time standards are the same for both age groups.
- ◆ The Women's 800 Free and Men's 1500 free will be swum as a heats/final event (not timed final).
- ◆ Bonus events will be permitted. There are no time standards for bonus events.
- ◆ **Qualification Period:** February 1, 2006 through the entry deadline (Athletes qualifying for Olympic Trials within the current quadrennium are eligible to enter any national meet even if they have not qualified in the qualifying period, USA Swimming rule 207.10.4d).
- ◆ Swimmers' and Coaches' Responsibility – It shall be the swimmers' and coaches' responsibility to acquaint themselves with all of the information contained in this meet information book and USA Swimming Rules and Regulations. USA Swimming Rules and Regulations will govern the conduct of these championships.
- ◆ No swimmer will be issued credential without a coach member present. If the home club coach is not planning to attend event, swimmer must be assigned a supervising coach (per USA Swimming rule 202.3.2). Arriving with a fellow LSC club/coach is preferred. However, if a swimmer arrives without a coach, he/she must find a willing coach at the facility to sign supervision form before a credential can be issued.
- ◆ Dependent on the number of entries, and at the discretion of the Meet Referee and Program Operations, the preliminary sessions may be conducted in an "A/B" format. If adopted, details of this procedure, including the number of heats of each event to be swum in the "A" session, will be announced at the general meeting.
- ◆ The meet is open to all USA Swimming current member athletes.
- ◆ Foreign teams are not permitted to enter this meet. Foreign athletes who are USA Swimming current members will be permitted to compete, and will be permitted to score in individual events and in relay events.
- ◆ Accommodations for persons with disabilities may be arranged with advance notice.

Master Entry Form

- A. Team Name/Code - Do not use your three or four (3 or 4) letter code (i.e. DAR). This is a national competition and there may be a half dozen DARs. Ex: Full team name may be Denver Aquatic Racers. You have sixteen (16) spaces for the program name, Denver Racers would be appropriate.
- B. Swimmers' Names - List all swimmers who will compete in the meet.
- C. Coaches'/Chaperones' Names - List all coaches, chaperones, managers and trainers entitled to deck passes. (Also see Championship Procedures)
- D. Entry Times - All entries must meet the qualifying times, and all athletes must meet the time standards for their age (as of the first day of the meet.) This means that if an athlete turns 19 on March 27, he/she must meet the qualifying times for athletes 19 and older. Entry times for individual events shall be achieved and submitted in accordance with article 207.11. The submitted times of all swimmers must be listed on the entry form and no changes in submitted times, corrections or changes of events entered or additional entries shall be allowed. Typographical or transcription errors that can be readily verified by NTV data may be corrected if attested to by the swimmer, coach or the swimmer's representative prior to the scratch deadline. All entry times shall be noted by (LC), (SY), or (SM) to the right of the seed time. LC = long course meters, SY = short course yards, SM = short course meters. For example: if the time for a 200 fly made in a long course meet is 2:04.66, the pool length would be marked to the right of that time in the appropriate box. Sample: 2:04.66 (LC). If the time is to be used for an aggregate relay only, enter that time only on the relay entry form. Relay teams may be entered at the listed provable time or at the lowest priority non-confirming time standard. This choice must be indicated on the relay entry form.

- E. Number of Events – There is no limitation on the number of events an athlete can enter in the meet. Athletes are limited to swimming three events per day by Rule 102.2. A swimmer may only swim three (3) individual events per day (including time trials). A swimmer may enter any number of individual events in which the qualifying time standard has been met. All entry times must be proven.
- F. Secondary Club Recognition - The entry form contains a space for secondary "club recognition." You may enter a second club for each of your athletes if you wish. The secondary club will be listed in the psych sheet, meet roster and heat sheets, if space is available. Each athlete will only have 16 characters for both their club and their secondary club. The club does not need to be a USA Swimming member club. It can be any club that your athlete wishes to recognize. Listing this club is for recognition purposes only. Listing this club has nothing to do with representation, team scoring or credentials.
- G. Relay Proof of Time Entry Form -(Master Entry Form)
- ◆ If you are using a relay entry time achieved as a relay (team time), you must list the four swimmers that actually achieved the time on the relay entry form. If your relay is using an aggregate entry time, you must list each swimmer and their time on the relay entry form. If any listed swimmers are not going to compete on a relay, they should not be entered on the Master Entry Form. Enter only those swimmers who may be competing in the meet.
 - ◆ Relay teams may be entered at the listed provable time or at the lowest priority non-conforming time standard. This choice must be indicated on the relay entry form.
 - ◆ If you are entering an A and B relay, you must use eight (8) different swimmers. You cannot use the same swimmer twice in an event, or to prove a time.
 - ◆ Swimmers listed on the Relay Proof of Time Entry Forms are not considered entered. Names must be included on the master entry form to be officially entered.
 - ◆ Teams can only submit two relays per event.
- H. Waiver and Release Form - The USA Swimming Waiver and Release Form should be sent with the team entry form. Make copies as needed for each swimmer. Swimmers need not have achieved the qualifying time to complete this form. Having this completed will save time during check-in at the competition site. If they are under the age of majority in their home state, their parent or legal guardian must sign also.
- I. Mailing the Entry
- ◆ Reassure yourself that you have proof for all swims. You must be able to prove all entries, including the ones you will scratch.
 - ◆ Make copies for your own records of material sent.
 - ◆ Check to be sure the address is correct on the envelope.
- ◆ Enclose the following:
 - ✓ Entry Forms
 - ✓ Check made out in the right amount and to correct entity(ies)
 - ✓ Copies of all proof of time, if available
 - ◆ Send overnight by service with tracking capability.
 - ◆ Please DO NOT send a Hy-Tek disk.

Deck passes for coaches, managers and officials will be issued only to members in good standing of USA Swimming. All meet directors, referees, starters, marshals and stroke and turn judges serving in an official capacity in a sanctioned event must be members of USA Swimming, and all persons acting in any coaching capacity in a sanctioned event must be coach members of USA Swimming.

Foreign Entries

The meet is open to all USA Swimming current member athletes. Foreign teams will not be permitted at this meet. Foreign athletes who are USA Swimming current member will be permitted to compete, and will be permitted to score in individual events and in relay events.

Verification of Entry Times

In order for times to be eligible for entry into USA Swimming Championships, coaches should ensure that each entry time used is from a "Sanctioned", "Approved", or "Observed" swim in accordance with USA Swimming Rules & Regulations. Coaches are encouraged to verify that the times used for entry are in the SWIMS database. Entry times for USA Swimming Championships which are not in the SWIMS database, must be verified by the LSC National Times Chair prior to the scratch deadline for that event.

Entering Official Times

Individual Events - All individual entry times must be made prior to the entry deadline and must be proven prior to the scratch deadline for that event. No swimmer will be permitted to swim without a proven entry time. Program Operations reserves the right to challenge any submitted time. All scratches must be proven.

Relay Events - Times and names for each entered relay team must be submitted on the master entry relay form. The entered time must be proven prior to the scratch deadline for each entered relay team, in aggregate or as a team. For the purpose of proving times, a club may name a swimmer on only one of its relay teams in each event. Once the relay team or teams have been proven, any swimmer listed by that organization on the master entry form is eligible to compete on that relay team. Relay teams may be entered at the listed provable time or at the lowest priority non-conforming time standard. This choice must be indicated on the relay entry form or on-line. A club may enter no more than two relay teams in each relay event.

Responsibility Clause (207.13.5)

The coach, swimmer or swimmer representative who signs a USA Swimming Championship entry form attests that all times stated in the entry form are true and correct as achieved qualifying times for each event entered. He/she assumes all responsibility for false or incorrect times, or times which are unacceptable under USA Swimming rules, and shall be assessed a \$100 penalty payable to the Corporation for each such time entered,

unless absolved of the fine by the National Times Coordinator or Board of Review. Additional action or penalty may be taken or levied as deemed appropriate by the Corporation.

Such penalty shall also be levied against any USA Swimming verification officer who issues a Times Verification Form attesting to such false or incorrect time(s).

Appeal of fines are to be made to the National Times Chairman and/or Board of Review. Any appeal of the decision of the National Times Chairman shall be in accordance with the provisions of Part Four, specifically Article 401.

Entry times not proven by the scratch deadline for the event will be considered as false or incorrect times and are subject to action under provisions of the USA Swimming Rules and Regulations. - C. Review the psych sheet posted by the Times desk and make sure your swimmers do not have an asterisk (*) by their time.
- D. In the event of an asterisk, go to the Times desk immediately and clear the time. It is your responsibility to do this. If it is not cleared by the scratch deadline, the swimmer will be scratched from the event. If a time cannot be proven the coach is subject to a \$100 fine. You should make sure all your athletes' times are in the Swims database.
- E. If you have a distance swimmer (800 meter or 1500 meter), they must be checked in prior to the scratch deadline in order to be seeded.
- F. Check your scratches - make certain they are correct and submitted on time. Do not let your swimmer miss their best event because you failed to scratch an entry.
- G. Follow all proof of times, scratch and distance event entry procedures by the required deadlines as published. Assist with all warm-up procedures and/or requests.

Warm-Up and Safety

The meet host will provide a complete schedule of warm-up procedures to include lane usage and times, which must be adhered to by all participants. This information will be distributed with the meet information at registration, posted throughout the venue, announced on a regular basis before and during the meet, and monitored jointly by the Meet Director and Meet Referee (or their special designees). Flagrant violation of these procedures may result in a disqualification from the meet for unsportsmanlike activity. Encourage your swimmers to cooperate with marshals. The main competition pool will be reserved the last 60 minutes for swimmers competing in that day's events.

Doping Control

Doping Control

The athletes at this competition are subject to drug testing conducted by the United States Anti-Doping Agency (USADA) and FINA under the In-Competition Testing program. This section is intended to give an overview of the key points relevant to this program and the testing which will be conducted at the competitions governed by this booklet. For a more detailed explanation of the program please contact Stacy Michael, USA Swimming Athlete Services Manager at (719) 866-4962.

ATHLETES SHOULD CHECK THE STATUS OF ALL MEDICATIONS (OVER THE COUNTER and PRESCRIPTION) PRIOR TO CONSUMPTION TO ENSURE THAT THEY ARE NOT CONSUMING A PROHIBITED SUBSTANCE.

Most medications fall into one of the following categories when it comes to drug testing: Permitted, Requires an Abbreviated Therapeutic Use Exemption, Prohibited, Prohibited In-Competition, or Prohibited—Threshold. Athletes should utilize one of the following resources to determine which category their medication falls under.

Drug Reference Line

Call the USADA Drug Reference Line at 1-800-233-0393. Hours of operation for the Drug Reference Line are 8:00 a.m.— 4:00 p.m. (Mountain Time), Monday through Friday. If a pharmacist doesn't answer your call, leave a message with a phone number, the name of the substance(s), and indicate that the athlete is a swimmer and he will return your call. You may call the line at any time after hours, and your call will be returned as soon as possible.

Drug Reference Online

Athletes, parents, coaches and sports medicine professionals may now check the status of a medication online at USADA's website: www.usantidoping.org/dro. This can be used at any time and is a simple way to check the status of most medications.

Medications Requiring an Abbreviated Therapeutic Use Exemption (ATUE) form:

Medications that fall under this category require an Abbreviated Therapeutic Use Exemption (ATUE) form to be on file PRIOR to testing. Examples are Asthma Inhalers (requires a diagnosis of asthma or exercise-induced asthma), and some forms of Glucocorticosteroids. ATUE forms should be submitted to USADA at least **THREE WEEKS BEFORE** the athlete competes and must include the signature of the prescribing physician. The ATUE form can be found on the perforated pages in this book. All forms should be sent a minimum of three weeks before to:

United States Anti-Doping Agency
1330 Quail Lake Loop, Suite 260
Colorado Springs, CO 80906
FAX: 719-785-2029

If a medication is classified as permitted, it is not necessary to submit an ATUE form.

Athletes should keep a copy of their forms for their records and take them to drug testing if selected for testing. FORMS GENERALLY EXPIRE ONE YEAR FROM THE DATE THEY ARE SIGNED BY THE PHYSICIAN. (IN SOME CASES THE EXEMPTION IS FOR 2 YEARS). Forms should be re-submitted immediately if there is a change in the medication, the dosage, or the prescribing physician.

2006 World Anti-Doping Agency (WADA) Prohibited Classes and Methods:

Substances and Methods Prohibited at All Times (In and Out of Competition):

1. Anabolic Agents,
 - A. Anabolic Androgenic Steroids
 - B. Other Anabolic Agents
2. Hormones and Related Substances
3. Beta-2 Agonists

According to the US Anti-Doping Agency 2006 Guide to Prohibited Substances:

All beta-2 agonists including their D- and L-isomers are prohibited.

As an exception, formoterol, salbutamol (albuterol), levalbuterol), salmeterol and terbutaline, when administered by inhalation, require an Abbreviated Therapeutic Use Exemption.

Despite the granting of any form of Therapeutic Use Exemption, a concentration of salbutamol (free plus glucuronide) greater than 1,000 ng/mL, this will be considered an Adverse Analytical Finding unless the athlete proves that the abnormal result was the consequence of the therapeutic use of inhaled salbutamol.

4. Agents with Anti-Estrogenic Activity
5. Diuretics and other masking agents

Doping Control (Continued)

Substances and Methods Prohibited in Competition:

1. Stimulants
2. Narcotics
3. Cannabinoids
4. Glucocorticosteroids

According to the US Anti-Doping Agency 2006 Guide to Prohibited Substances:

All glucocorticosteroids are prohibited when administered orally, rectally, intravenously or intramuscularly. Their use requires a Therapeutic Use Exemption approval.

Administration by inhalation, iontophoresis, or local injection requires an Abbreviated Therapeutic Use Exemption.

Topical preparations when used for dermatological, otic, nasal, buccal cavity and ophthalmic disorders are not prohibited and do not require any form of Therapeutic Use Exemption.

Prohibited Methods include:

1. Enhancement of Oxygen Transfer
2. Chemical and Physical Manipulation
3. Gene Doping

Supplements

In an effort to maintain the integrity of our sport and the safety of our athletes, USA Swimming has taken a proactive role in making athletes and coaches more aware of the risks involved in the use of commercially available dietary supplements that have been linked to enhancing performance. Along with the US Anti-Doping Agency (USADA), USA Swimming considers dietary supplements "take at your own risk," placing full responsibility for any effects and repercussions on the athlete.

It is the role of USA Swimming to educate swimmers, coaches and parents on the issues of dietary supplements, including general and specific risks, normal values and toxicity, drug testing and drug interactions, stacking, and conventional dietary alternatives. It is also the role of USA Swimming to validate or repudiate via research review or sanctioned research the answers to the many questions that surround scientific and anecdotal evidence versus actual application. Any recommendations or opinions offered by USA Swimming regarding the use of dietary supplements are based on a yellow-orange-red light continuum Health & Contamination Risk Chart for Dietary Supplements and the most current publicly available scientific and consumer-specific information.

Claims made by the manufacturers/ distributors of dietary supplements regarding the effectiveness of their products are not strictly regulated by the US Food and Drug Administration. Any commercial dietary supplement is susceptible to containing substances that may appear on the Prohibited Substance list(s) of FINA and/or the IOC. The potential exists for commercial supplements to contain substances that do not appear on the product's list of ingredients (see Dietary Supplement Health and Education Act for more information). Statistics indicate that in some cases, the use of legal dietary supplements has been linked to positive test results for prohibited substances in athletics.

The choice to use a dietary supplement is the sole responsibility of the athlete and one that should not be made in haste. An athlete is advised to weigh the options heavily, consider the consequences, and take responsibility for his/her actions.

Feb/01, rev:Jul/03

Sanctions

Sanctions for positive tests conform with the FINA rules. All parties should refer to the FINA website (www.fina.org) for specifics relating to sanctions for a positive drug test. Penalties may also apply to any individual assisting a swimmer taking prohibited substances.

Summary

The use of drugs to enhance performance is strictly forbidden in aquatic sports. It is the responsibility of the athlete to check the status of any substance he/she plans to consume and ensure that no prohibited substances are consumed.

DOPING CONTROL RULE FOR ATHLETES PREVIOUSLY ELIGIBLE FOR OUT OF COMPETITION DRUG TESTING:

Athletes who previously eligible for out of competition (no-advance-notice) drug testing and officially retired have a 9 month waiting period before they can compete (should they choose to return to competition) and must again be subject to out-of-competition testing. The athlete is not permitted to compete in ANY USA Swimming sanctioned or FINA sanctioned events. If you have an athlete in this situation, please email smichael@usaswimming.org immediately.
